

Cochlear Implant Experiences and Best Practise Tips

Cochlear Implant devices are small, complex devices that can help provide a sense of sound to the user. The technology was developed over 40 years ago and is in use in many parts of the world. In this session, users and professionals will share their knowledge and experience with cochlear implants for adults as well as offer best practise tips.

Speakers for the session are:

- Dr. Naama Tsach (Ph.D.), Speech and Language Pathologist and Educational Audiologist.
- Ms. Darja Pajk, Representative of the European Federation of Hard of Hearing People on the Consumer and Professional Advocacy Committee.
- Ms. Lise Hamlin, Director of Public Policy, Hearing Loss Association of America.
- Ms. Joanna Chio of the Philippines, a Graphics Designer and Cochlear Implant user.
- Dr. Ruth Warick (Ph.D.), President of the International Federation of Hard of Hearing People.

Moderator: Mr. Avi Blau, Vice-President of IFHOH.

Date: Tuesday, 2nd of February 2021

Time: 7 am PDT (Pacific Time), 10 am EDT (Eastern Time),
